

What Andy would have done with **BOLD FURNITURE**.

A choice of colors and finishes. This ad isn't as much about Warhol as it is a great idea. Using different colors to create something unique for your office. That's the concept behind Bold Furniture. With a choice of 15 colors and finishes, you can customize your workspace to match your individual style. Even better, whether you order online or on the phone, you'll get your furniture delivered in just five days. So go Bold today and create a custom look as unique as your business.

What would you do with **Bold Furniture**? Visit us online and register to win \$10,000 worth today.

What Frank would have done with **BOLD FURNITURE**.

Aesthetically pleasing and functional. This ad isn't as much about Frank Lloyd Wright as it is a great idea. Office furniture that's stylish and adaptable to your specific work environment. That's the concept behind Bold Furniture. With a choice of finishes and configurations, you can customize your furniture to work the way you work. Even better (and unlike Frank), our furniture is fast, affordable and backed by a money-back guarantee. So go Bold today and create a custom look as unique as your business.

What Henry would have done with **BOLD FURNITURE**.

Style and speed have finally come together. This ad isn't as much about Henry Ford as it is a great idea. Office furniture, fully loaded, delivered fast. That is the concept behind Bold Furniture. We're the manufacturer and distributor, so you can order our furniture in a choice of finishes and configurations and receive it in just five days. Even better, while our furniture is designer-grade, you won't pay designer prices. So go Bold today and create a custom look as unique as your business.
