Today, girls continue to encounter significant obstacles to their well-being and success:

1 in 4 girls will not finish high school

78% of girls under 17 are unhappy with their bodies

3 in 10 girls will become pregnant before the age of 20

Too often, girls are overlooked and undervalued. ***Yet with you and Girls Inc. in their corner, we can change that.*** At Girls Inc., every girl learns to be healthy, confident, and live her life as a strong, smart, and bold woman. But don't just take our word for it:

"Being strong, smart, and bold is not just Girls Inc.'s mission, it's become my philosophy. It has carried me throughout my time in college. As I get ready to embark upon my career, I keep that phrase in the back of my mind. It has taken me to heights I never imagined."
